

April 23, 1975

LB74

CLERK: 32 ayes, 1 nay.

PRESIDENT: Amendment is adopted.

CLERK: Mr. President, the next amendment is by Senator Maresh. (read amendment).

PRESIDENT: Senator Maresh.

SENATOR MARESH: Mr. President, members this seems to be quite an issue on this bill where some people are concerned about political appointments and I thought that probably we could clear this up by saying that no more than a majority or four members of the seven shall be of one political party. I believe that this was considered, or was passed on the...a bill on the Governors status on women, I don't know if that was passed or not, but this was one of the issues on that board, and I think that it would be a good amendment on this bill to say that no more than a majority of the members or four members of that body shall be of one party. So I move that this be adopted.

PRESIDENT: Senator George.

SENATOR GEORGE: Mr. President, is a motion to bracket this bill in order now?

PRESIDENT: A...

SENATOR GEORGE: The reason that I am asking is that Senator Keyes has an amendment, and he is not here today. Senator Warner has several amendments to LB74 and he is not here this afternoon and I would prefer to have this bill finally discussed when the Senators are here that have proposed several amendments. I would like to have it bracketed until Wednesday, April 30th.

PRESIDENT: You have a perfect right to do that. We passed over Senator Keyes amendment deliberately because he wasn't here, and I would anticipate that Senator Dworak would not move to advance the bill so that it will stay here. But you are in order to bracket if you choose to.

SENATOR GEORGE: I move to bracketing LB74 until Wednesday, April 30th. All the people who have amendments will be here.

PRESIDENT: Senator Maresh.

SENATOR MARESH: Mr. President, I do not object to bracketing this bill, but I think that we can amend this bill with my amendments and then bracket it. I hope that Senator George withdraws his motion until this amendments are adopted. Then everyone can study the amendments and then if they have changes that they want to make they can make them when the bill is taken up again.

PRESIDENT: Senator Shirley Marsh.
